- **Notes from the BCRSP AGM held June 29/20**
- **Compliments for our courses and study material**
- **CRSP and CRST Virtual Coaching Exam Prep Courses**

Online CRST Examination Preparation Course has launched!

Safety Results Ltd has teamed up with Lambton College, based in Sarnia, Ontario, to bring you THE best online CRST Examination Preparation Workshop!

Registrations for this course will be accepted by Lambton College until 4:00PM CST, July 10.

When researching methods to deliver this top-notch course, we were expressly interested in associating with a distinguished educational institution as opposed to unknown online entities. It was vitally important that we aligned ourselves with an institution that believes in the same degree of ethics, high attention to service, content and quality as we do.

Established in 1966, Lambton College has the enviable reputation as a pioneer in Mobile Learning. They are a global leader in applied research, education and innovation. Their work in a number of fields continues to exceed expectations, which makes them a perfect fit for what we do.

Alan D. Quilley CRSP started Safety Results Ltd 20+ years ago and has received numerous accolades due quality and value of our Workshops, study material and his teaching style.

We are delighted to be working alongside Lambton College to bring this exceptional online course to you which can be done at your own pace.

To review and register in this online course, please click [here](#). (Registrations are handled exclusively by Lambton College)

To complement your online course, and exclusively for Lambton College students confirmed in the course, we are offering the study material at a special student discounted rate of \$375.00 CAD plus applicable taxes. (This represents a significant reduction on retail; no other discounts apply). Shipping (within Canada only) is included in this price. If you do not live in Canada, additional shipping costs will apply - please contact Marie for those details. To order textbooks at the student prices for this course, please click [here](#).

We are very excited about this new venture. Please email [Marie](#) if you have additional questions.

CPD Mandatory Ethics Program

Along with our amazing CRST course Safety Results, in conjunction with Lambton College, are thrilled to also announce that we have been selected by the BCRSP as a CPD Mandatory Ethics Program provider. Due COVID-19, Lambton College has required some time to finalize this new Ethics course due their having to transfer all of their other courses to an online format. We are hoping that this course will launch in September. A reminder as per the BCRSP: “Every BCRSP Certificant is expected to practice ethical behavior to the best of their abilities. Each Certificant is committed to do this by adhering to the BCRSP Code of Conduct. In addition, each certificant is required to complete at least 2 hours of ethics training during each CPD cycle **(effective for submissions due on or after January 1, 2021).**”

If you are interested in this course, please email Marie. As soon as Lambton College launches the course, she will send you an email with more information.

Transcribed notes from the BCRSP's AGM, held June 29/20

The BCRSP held their AGM and the following are notes transcribed from Nikki Wright's presentation. They are presented here with her permission.

“The June CRSP Examination administration was not able to proceed due the unavailability of testing center locations. All candidates that were impacted by this have had their writing windows extended. And we have extended the fall writing window by a week to accommodate the additional candidate numbers we anticipate.

At this point in time, the August CRST Examination is still scheduled to proceed. However, we are monitoring the situation with our testing center provider Pearson VUE and if there are any changes to that, updates will be provided to candidates directly.

We have also seen a decrease in applications since March in part due to the difficulty of obtaining the documentation that is required. But also we know because many health and safety professionals have been fully engaged in their workplaces dealing with the Covid-19 pandemic response matters and therefore do not have the time to focus on the application process”.

Re: BCRSP 2015 Blueprint - Extension of Validity

“We had originally planned for the new Blueprint to come into effect with the February 2021 exam, however that is now being deferred until the June 2021 exam. So the February 2021 administration will be to the existing 2015 Blueprint. That information will be communicated to all eligible candidates in the near future”.

Re: Certificants and CPD

“For certificants, we know that your ability to obtain CPD credits will have been impacted. So to that end, at the recent governing board meeting, the following changes were approved to the CPD program.

The point maximum will be lifted temporarily on category A6 Self-Directed learning in order to allow certificants to claim webinars, or other online learning that normally would be unverifiable in that category. The point maximum will also be lifted on category A3 foundational OSH courses, and A4 OSH related seminars, workshops, conferences etc, in order to allow certificates to claim all activities that they may have completed already in their cycle periods. We recognize that some of you will have previously maxed out in those category areas, so by removing the maximum, you may have activities that would not have been counted that will now count. And finally, a special point category will be created in order to allow certificants to conduct reflective learning exercise on the learnings and growth in your professional practice in dealing with the Covid-19 pandemic. A template will be provided for this and the completion of the template

Compliments for our CRSP and CRST Examination Courses and Study Material

"I wanted to share with you that I'm a CRSP! Thank you for your wisdom and support!"

"I hope you and Alan are well. I am just sending you this email to inform you guys that I passed my CRST exam on my second writing.

Just wanted to thank you guys – your books, practice exams, prep course and study material were beyond helpful in attaining my certification".

"Just a quick note to let you both know that I passed the BCRSP exam from the February 14th writing...I actually think I did quite well.

A big thanks to both of you for the resources and course you facilitated. It definitely made the difference for me and I am very glad a colleague recommended the course (I say recommended but it was more of a strongly urged lol)"

"Alan, I have passed the crst exam! Bcrsp has mailed out results and results are available online. Thank you for putting together a thoughtful and valuable study material. I am waiting to receive the formal results through mail".

"I am grateful to Safety Results for creating the CRSTx study materials, manual and practice exams alike. The manual guided my studying and the practice exams helped me to find my knowledge gaps and where I needed to study more. I focused my studying on what was in the manual, and it paid off as I have received confirmation that I successfully wrote the exam".

Thank you so much for these wonderful testimonials. We really appreciate them!

will be required in order to claim points in this category. 5 points will be available in this special category. More information will be communicated on this via email in the near future. The governing board just approved these changes yesterday at our meeting. So we have a little work to do and update and documentation, but that will be forthcoming to all of you. So you have that to reference. We will also be holding another CPD webinar in the early fall of 2020 and will review these changes.

Re: Answer to Question regarding timeframe of information re CPD changes.

There will be communication coming on the CPD changes. We will be updating the documentation and providing communication to all certificants about those changes via email. You can expect that in the next 3 - 4 weeks we have a little bit of work to do on our end to get the template ready and update the system to override the maximums that are currently in there".

The above information will be updated to the BCRSP's [site](#) within the next couple of weeks.

CRSP AND CRST VIRTUAL COACHING EXAMINATION PREPARATION COURSES

Due COVID-19, we have paused our in-person classes. We have temporarily removed all dates for our courses for the balance of the year as we don't feel it ethical to book dates and hold onto student funds for a class that may not be able to be held.

It has always been Alan's commitment to help candidates with their studies for the CRSPEX and the CRSTEX, and we are pleased to announce that we have expanded our offers to include Special Virtual Coaching Packages.

This package is currently available to those that are writing the 2015 Blueprint CRSPEX taking place September 2020 and January 2021 as well as the CRSTEX taking place August 2019.

We will provide all of the material (shipped at our cost within Canada only) that you would have received in one of our in-person Workshops.

We are delighted to offer discounts to current members in good standing of the CSSE and WOHSS. For more information on those discounts, please contact [Marie](#).

Our special package also includes 6 hours of personal instruction by Alan D Quilley CRSP. The hours are broken down however you wish; the first session will take 2 hours. There will be homework assignments between the calls. Calls are individualized and held via phone or Zoom Video Conference, your choice.

Who is your Coach?

Alan Quilley CRSP is our engaging, dynamic instructor and he will teach you how to study, truly demonstrating that you can enjoy learning. He's a respected industry leader in OH&S and has the credentials to prove it. A working CRSP who not only consults, but also trains within North America and internationally. Actively working with companies, helping them create their Health and Safety programs, as well as being regularly invited to present health and safety topics all over the world, Alan doesn't just teach it, he lives it.

With his decades of practice experience in various OH&S industries coupled with his qualifications in adult education (he developed, designed and instructed OH&S programs at the U of A, U of C and NAIT, as well as showing you the techniques to help you focus your studies, why look elsewhere? When selecting *your* mentor, take the time to really research who other providers are and what they've done. We believe that they simply won't measure up to our instructor in terms of quality, experience and teaching style. And, we are confident you will find our process better than the rest.
