35 Year CRSP

By Alan D Quilley CRSP

August 8, 2020 was an important day for me. I've been a Canadian Registered Safety Professional for 35 years. Some days it feels like a very long time ago and other days, like it was only yesterday. Not unlike the majority of my peers, the pathway to this rewarding career happened simply through a series of forks in the road and decisions made...some I made, some were made for me.

1985 was a very different time, OH&S Legislation was relatively new and our challenges to help people work safely and go home healthy were many. Our strategies by today's standards were simplistic and less than highly effective. But we grew; we learned from each other and we made mistakes and missteps along the way. To say we were polishing a

diamond would be an overstatement. Much more akin to creating the diamond. So now that there is more of my career behind me than in front of me, I will continue to grow and help others seek their careers as safety professionals and technicians. I am appreciative of all who have assisted me along the way. My loved ones, my mentors, my team mates, my students, my supporters and even my adversaries have all taught me a great deal. Best of all they have helped to make this career extremely fascinating, exciting, at times frustrating but always rewarding. Thank you, I look forward to the future.

Compliments for our CRSP and CRST Examination Courses and Study Material

“It was extra challenging without the BCRSP study guides, and I really ended up focusing on the manual and practice exams. I am grateful to Safety Results for creating the CRSTx study materials, manual and practice exams alike. The manual guided my studying and the practice exams helped me to find my knowledge gaps and where I needed to study more. I focused my studying on what was in the manual, and it paid off as I have received confirmation that I successfully passed the exam”

“I just wanted to let you and Alan know that I passed my exam in February and am now a CRSP. Really appreciate the course, well worth it!”

“I wanted to share that I’m a CRSP. Thanks for your wisdom and support!”

“I can’t tell if I responded to this email so I thought I would let you know that I did write in October and I did pass. Thanks for all you help! Your course was very helpful and professionally done”.

“For anyone out there sitting on the fence and not yet committed to taking Alan’s course, I would highly recommend it! Personally, I came away with many insights that are also going to benefit my career, never mind the exam. I am making my way through the excellent study material that I received as part of the course, and am a smarter practitioner for having access to it. Light bulbs going off daily, not only re “the right reference material to study”, but getting concepts...”

CRSP AND CRST VIRTUAL COACHING EXAMINATION PREPARATION COURSES

Due COVID-19, we removed dates for in-person classes for the balance of 2020. We didn't feel it at all ethical to book dates and hold onto *your* funds for months on end. Additionally, we ALL have a responsibility to protect the health and safety of our fellow human beings and we aren't about to put our students, ourselves, colleagues and loved ones at risk.

As it has always been Alan's commitment to help candidates with their studies for both the [CRSPEX](#) and the [CRSTEX](#), we are pleased to announce that we have introduced *Virtual Coaching Packages*. These packages are currently available to those that are writing the 2015 Blueprint CRSPEX taking place September (subject to availability) and January 2021 as well as the CRSTEX taking place March and August 2021.

We will provide all of the material (shipped at our cost within Canada only) that you would have received in one of our Workshops. We are also delighted to offer generous discounts to current members in good standing of the CSSE and WOHSS (not combinable). For more information on those discounts, please contact [Marie](#).

This virtual package includes 6 hours of personal instruction by Alan D Quilley CRSP. The hours are broken down however you wish; the first session will take 2 hours. There will be homework assignments between the calls. Calls are individualized and held via phone or Zoom Video Conference, your choice.

"It's really important to know who is trying to teach you something". - Alan D Quilley CRSP

Who is your Coach?

Alan Quilley CRSP is our engaging, dynamic instructor and he will teach you how to study, truly demonstrating that you can enjoy learning. He's a respected industry leader in OH&S and has the credentials to prove it. A working CRSP who not only consults, but also trains within North America and internationally. Actively working with companies, helping them create their Health and Safety programs, as well as being regularly invited to present health and safety topics all over the world, Alan doesn't just teach it, he lives it.

With his decades of practice experience in various OH&S industries coupled with his qualifications in adult education (he developed, designed and instructed OH&S programs at the U of A, U of C, NAIT and now Lambton College, as well as showing you the techniques to help you focus your studies, why look elsewhere? When selecting your mentor, take the time to really research who other providers are and what they've done. We believe that they simply won't measure up to our instructor in terms of quality, experience and teaching style. And, we are confident you will find our process better than the rest.
